

Funded by the European Union

INTERACTIVE SIMULATION OF NEXUS APPROACH FOR WATER-ENERGY-FOOD-ENVIRONMENT SECURITY AT NATIONAL AND REGIONAL LEVELS

Developed by the Polish Centre for Systems Solutions in collaboration with the International Institute for Applied Systems Analysis and the Sustainable Energy for All Initiative

INTRODUCTION OF NEXUS GAME IN CENTRAL ASIA

2018

The European Union funded project "Nexus Dialogue in Central Asia", implemented by the Regional Environmental Centre for Central Asia (CAREC), brought the Nexus Game to Central Asia, trained first trainers and facilitated first simulation exercises.

2019

Nexus Game started for environmental leaders. USAID Project "Smart Waters" started to support the introduction of the Nexus Game to the academic network (2 trainings conducted)

2020 - 2021

The EU Nexus Dialogue Project promoted Institutionalization of Nexus approach in public administration academies and universities (8 trainings conducted, 3 memoranda signed)

2022 - 2023

USAID Regional Water and Vulnerable Environment Activity joined the efforts to introduce the Nexus approach in academies, universities, basin organizations and media (6 trainings conducted, 3 memoranda signed)
